

BERLIN REPORTS GIGANTIC ALLIED FLEET IS FORMING IN PORTS OF GREAT BRITAIN

Triple-Header Bomb Attack Pounds Nazi Air Bases

2,800 Sorties Made on 14th Day of Attack

Allies Give Enemy No Chance To Rest

By W. W. HERCHER

LONDON, Saturday, April 29 (AP)—The first triple-header American heavy bomber strike highlighted widespread attacks on German air bases and fortifications in France yesterday, and brought to approximately 2,800 the number of Allied British-based sorties during the fourteenth straight day of the "evening-invasion" sky offensive.

The attacks, which cost the Americans four bombers and three fighters, followed up a 1,000-plane 1,500-ton RAP night assault on the Nazi technical center of Friedrichshafen and other important targets.

No Letup By Allies

Since Wednesday midnight the Allies have been dropping an average rate of six and one-half tons of bombs per minute, night and day, on Axis objectives, and the German radio late last night indicated the unprecedented assaults were entering the fifteenth day when it warned that Allied planes were approaching Northwest Germany.

Two fleets of Flying Fortresses, each about 250-strong, roared out yesterday morning and hit the big Avord airdrome 130 miles south of Paris, and coastal fortifications in the Cherbourg area. About 500 Thunderbolt and Mustang fighters escorted one bomber formation to Avord, while the bulletin made no mention of escorts for the fleet which attacked the Cherbourg sector, seventy miles across the channel.

Only One Encounter

An abortive attack by German fighters on the formation that flew to Avord was broken off by the fighter escort. "This was the only encounter with the enemy during the day," a United States communiqué said.

In the afternoon a fleet of perhaps 250 Liberators crossed the twenty-mile-wide Dover strait and pounded the Pas-De-Calais area. Thunderbolt fighters shepherded this formation over territory which may soon be the scene of bitter ground battles.

Hundreds of other fighter-bombers, American and Allied, ranged across France itching for aerial combat, but the Germans showed little eagerness, and some crews never sighted a single plane. The attacks on Nazi ground installations ranged from Tours to Paris and Northern France.

Since April 1 when the "big push" got under way it is estimated that the Allies have scoured Axis targets with approximately 70,000 tons of explosives.

Tours Area Bombed

Lightning fighters newly converted into fighter-bombers hit an airfield repair plant at Tours and flew aggressive patrols as far as Reims, 50 miles inside France, without sighting a single enemy aircraft.

Marauder medium bombers attacked an airfield in Northern France; Thunderbolts attacked another airfield in Central France and five-bombed several in Northern France, scoring hits on parked planes, hangars and dispersal areas; Mustang fighter-bombers dove through a break in the clouds over Paris and bombed and machine-gunned enemy hangars at Le Bourget, Paris' main airport; RAF Mustangs destroyed an enemy plane southwest of Paris and said also attacked objectives in Northern France.

No planes were reported missing from the fighter-bomber operations, and it was estimated that 4,800 tons of explosives had been dropped in the day's 2,500 sorties.

Secretary of the Navy Frank Knox Dies of Heart Attack at Age of 70

BUILT BIG NAVY

Col. Frank Knox

Stassen May Be Navy Secretary

Selection by FDR Under Discussion

WASHINGTON, April 28 (AP)—The sudden death of Secretary of the Navy Frank Knox shocked official Washington today and also posed the question whether President Roosevelt would keep the complexion of his wartime cabinet unchanged by appointing a Republican successor.

Knox, who died of a heart attack at the age of 70, was one of two members of the opposition party in the cabinet. The other is Secretary of War Stimson.

If Mr. Roosevelt decides to name another Republican, it is believed one of those considered may be Lt. Commander Harold E. Stassen, youthful former governor of Minnesota now serving in the Pacific. Stassen's friends are booming him for the Republican presidential nomination and he has made clear he will accept the nomination, if it is offered. He might feel impelled to accept the navy secretaryship from a sense of duty, however, if it were offered.

Some members of Congress said privately they hoped Undersecretary James V. Forrestal would be advanced to his late chief's post. Forrestal, 52-year-old New York investment banker and a Democrat, has been undersecretary since 1940 and is familiar with the Navy department's administrative problems.

Gar Wood Injured By Lightning Bolt

MIAMI, Fla., April 28 (AP)—Gar Wood, the white-haired speedboat racing champion, and two companions were injured today by a bolt of lightning which struck them as they left a private plane after a landing at the Thirty-sixth street airport.

First reports said none was seriously hurt.

They were taken to a hospital after being given treatment at the field first aid station.

An attendant at the station said they were bloody and disheveled when they were brought in, but were conscious.

Wood has a home at Miami Beach.

At the hospital the three were treated for shock and for abrasions received when they were knocked to the ground by the bolt.

High Officials Express Regret

BY JOHN M. HIGHTOWER
WASHINGTON, April 28 (AP)—Frank Knox, secretary of history's greatest navy and one of the two Republicans in President Roosevelt's war cabinet, died today of a heart attack. He was 70 years old.

All over the world, wherever the fleet he helped to build is operating, flags went to half staff as James V. Forrestal, acting secretary, flashed the word of his death by radio. The Senate and House recessed out of respect. Lawmakers and federal officials joined in expressions of regret at his loss.

Ill Since Wednesday

In an official message to ships and shore stations Forrestal announced that the end came at 1:08 p. m. eastern war time. Knox (Continued on Page 7, Col. 1)

Montgomery Ward Backs Avery

Directors Vote Full Confidence

CHICAGO, April 28 (AP)—Board Chairman Sewell Avery received a vote of "full confidence" from Montgomery Ward and Company shareholders today after he began a widely watched legal battle against government control of the firm's Chicago plants.

Avery and the twelve other directors were re-elected at the jam-packed annual session of stockholders. The gathering, setting a record for attendance, echoed at times with cheers and laughter and heard some criticism and boos.

Ovation for Avery

Avery was greeted with a prolonged ovation when he arrived, and later the participants in a voice vote marked by only one or two nays adopted a resolution saying they "heartily approved of the policy of Montgomery Ward and company in insisting upon the maintenance and protection of the lawful rights of the company" and expressed "full confidence in the management under the present leadership of Sewell Avery."

Developments occurred in rapid fire order in the case rooted in Avery's refusal to accede to orders from the War Labor Board and President Roosevelt to extend an expired contract with a CIO union and his subsequent fight against federal seizure of the Ward properties here. These were the highlights:

Highlights of Case

Company counsel opened a legal counter-attack in federal court. They contended the government's action in assuming control under a directive from the president was unconstitutional. They maintained the property was of non-war nature and argued that the War Labor Disputes Act permits confiscation only of plants turning out war material. Attorney General Biddle replied that the president and the WLB had the power to enforce their orders.

A resolution for an investigation of the seizure was pushed through the House rules committee in Washington and was sent to the floor for consideration. Senator Byrd (D-Va.) introduced a similar proposal and declared "the American people are shocked by this unwarranted use of military power."

Avery told the shareholders the firm was "pro-labor and pro-union but 'not closed shop' and added: "We say with pride—and will fight for it as an essence of liberty—that you do not have to join a union to work at Ward's."

High Officials Barred

Wayne C. Taylor, undersecretary of Commerce and federal operating manager of Ward's local facilities, instructed soldiers patrolling the building to bar Avery and President Clement D. Ryan on grounds that they "have refused to cooperate with the government."

The shareholders crammed in a room in the blackstone hotel for a session that engendered sober discussion, levity and fast repartee. The 250 seats were occupied. A balcony was filled. The walls were lined by standees.

Frank McCulloch suggested a motion calling upon the firm to cease "resistance to the United States." (Continued on Page 6, Col. 1)

Army and Navy Bombers Attack Rabaul, Kavieng

Enemy Airdromes Reported Ablaze

By ROBERT EUNSON

ADVANCED ALLIED HEADQUARTERS, NEW GUINEA, Saturday, April 29 (AP)—American army and navy fliers, seeking to forestall any Japanese attempt to bolster the crippled Nipponese air arm on New Guinea, poured more than 200 tons of bombs on enemy airdromes on the western tip of the huge island to Rabaul and Kavieng in the east.

Gen. MacArthur announced today that Mitchell bombers with 75-millimeter guns ripped into the enemy's Jofman airdrome at Sorong, on the western end of New Guinea, while heavy bombers hammered Babo to the south on the shore of McChuer gulf. Babo has air and port facilities.

Many Fires Reported

Numerous fires rose from both targets. It was the second successive strike at Sorong.

Other bombing units unloaded 108 tons of bombs on the four airdromes in the Wewak area, ninety miles southeast from captured Aitape, and hit Rabaul on New Britain island in the Bismarck archipelago with 125 tons, concentrated on the five airstrips. Kavieng on New Ireland also was hit.

Only Rapopo airdrome on Rabaul offered any anti-aircraft fire. One American plane was lost out of a raiding force of 150.

Only Snipers Remain

Americans consolidated their perimeter positions at Hollandia and Aitape, invaded just a week ago, after capturing all the airdromes and chasing the Japanese into the hills and jungle. An occasional sniper in a tree was the only remaining opposition in the immediate areas.

General MacArthur announced the force which landed at Tanahmerah bay near Hollandia was the Twenty-fourth division commanded by Maj. Gen. Frederick A. Irving. The outfit which made its beachhead thirty-five miles to the east in Humboldt bay was the Forty-first division under Maj. Gen. Horace Fuller.

Parts of the Thirty-second and Forty-first divisions made up the invasion force at Aitape, 150 miles to the southeast. The force was under the command of Brig. Gen. Jens Doe of Camel, Calif.

The Hollandia campaign has been completed with the capture of all three airdromes there. Aitape likewise has been cleared of the enemy and Allied planes are using the Tadji airstrip.

Murder Warrant Out for Capone

Out for Capone

CHICAGO, April 28 (AP)—A murder warrant charging Matt Capone, brother of Al Capone with the slaying April 17 of James Harrison was issued today by Justice of the Peace Henry J. Pendel in suburban Willow Springs.

The warrant was sought by John J. McGinnis, chief of the Cook county sheriff's police, as the April grand jury adjourned without taking any action on evidence it heard in the killing of Harrison, 49, a gambler and former horse trainer, whose body was found in an alley.

Police Capt. Thomas Alcock has named the back room of Capone's hall of fame tavern in Cicero as the site of the slaying. Capone and his bartender, Walter Sanders, have been sought by police for questioning ever since the killing.

CORNERED JAPS CHOOSE SELF-DESTRUCTION

A PILE OF JAP SOLDIERS lie sprawled in the grotesque positions of death on the beach of Green Island after they were cornered by New Zealanders. Floods Sweeping Illinois Farms

May Soon Equal 99-Year Record

[By The Associated Press]

The Mississippi river, swollen to a stage which may equal a ninety-nine-year record at some places for the second time in a year, spilled over crumbling levees today to flood new acres of Illinois and Missouri farm lands but with less disastrous results than in 1943.

Four main levees protecting Illinois banks of the river went out as the crest neared. Orders came from the army engineer's office to evacuate farm families from other areas threatened with inundation.

The flood is expected to crest at St. Louis at 38.9 feet, the same reading as last May. At that stage it exerts damaging pressure on every levee all the way down the river to Cairo, Ill.

For farmers on the river side of the levees this is the third consecutive year flood waters have driven them from their land.

Latest figures from the Midwestern Red Cross office at St. Louis disclosed the floods along the Mississippi, Missouri, Arkansas, Illinois and other rivers have affected a total of 5,700 families in the Missouri and Illinois and 6,527 families in Kansas and Oklahoma.

800 Nazis Killed By Red Forces

By TOM BARBROUGH

LONDON, Saturday, April 29 (AP)—Red army troops killed 800 Germans and Hungarians in repulsing attacks southeast of Stanislawow in former Poland yesterday, and Soviet long-range aircraft touched off fires and explosions Thursday night in a mass attack on Lwow, sixty-five miles northwest of Stanislawow, a Moscow radio communiqué said early today in announcing "no substantial changes" on the land front.

He pleaded guilty and General Sessions Judge Richard Rodney told him Delaware law permitted a sentence of twenty years and forty lashes.

Deputy Attorney General Vincent Thiesen said Shields took five \$1 bills from Cora Butler after forcing his way into her automobile.

The town of Ponape and airfield were hit and fires started.

Fifty-four tons of bombs were tossed on Moen, Eten, Dublon and Param in the Truk atoll by army planes.

Japanese planes aloft made no effort to intercept the attacking force. No casualties were sustained by any United States force.

Officer Keeps His Word To Give Some Japs a Funeral

BALTIMORE, April 28 (AP)—How a naval officer kept his word when it came to giving some Japs a funeral was told today in a letter received by the family of a Baltimore Seabee.

Seaman First Class Carroll G. Moffett said that the officer was in the middle of the service when one of the Japs, who had feigned death, rose with a grenade in his hand. The navy man dropped his Bible long enough to put a bullet through the Jap's head and continued: "Lord, I promised I'd give these Japs a funeral and that goes for every last one of them. Amen."

Plot To Take Over Government Fails

LA PAZ, Bolivia, April 28 (AP)—The Bolivian government announced tonight that a vast conspiracy had been broken up with the detention of numerous revolutionaries and that a state of siege had been declared throughout the country.

No details were given, but an announcement by the government said that acting President Major Gualberto Villarroel acted constitutionally with the consent of his cabinet to preserve public order in the face of subversive activities.

No Public Disturbances were Reported

Allies Advance In East India

Kohima Forces Drive Japs Back

By THORBURN WIAINT

SOUTHEAST ASIA HEADQUARTERS, KANDY, CEYLON, April 28 (AP)—The powerfully reinforced defenders of Kohima, Allied base in Eastern India, have smashed into Japanese positions west of the mile-high town and captured a number of enemy strongpoints, it was announced today.

Allied tanks and infantry, which fought their way into Kohima along the thirty-five-mile road from Dimapur earlier in the week, were reported making steady progress in "very difficult country" as they launched an offensive to clear the area of Japanese invaders.

The Allied counter-offensive was forecast in dispatches yesterday, which told of reinforcements pouring into Kohima and painted a dark picture for the several divisions of Japanese troops now more or less stranded around Kohima and the Imphal plain, far across the mountains from their Burma bases. Less than three weeks of good fighting weather remains before the rains begin.

Air forces of both sides joined actively in the fighting about Kohima, with Allied planes holding a wide margin of superiority. Of one group of Japanese fighters and bombers that swept into the area, one was destroyed, four probably destroyed and eight damaged. Fighters and fighter-bombers of the RAF and the Indian air force punished enemy ground troops.

Germans Launch Bomber Attacks On Allied Ships

Speculation Rife In Nazi Capital

By EDWARD D. BALL

LONDON, Saturday, April 29 (AP)—The Berlin radio early today announced that the German anti-invasion command was about to go into action and reported that "another huge Allied fleet is forming in the ports of Southwest England."

A Nazi speculation on the date of the invasion reached a feverish pitch the Germans said Nazi raiders struck again at "concentrated Allied shipping massed off Southwest England." The German radio previously had claimed bomber attacks on Allied shipping Thursday night.

A vast outpouring of speculation came from Nazi and neutral microphones, some contradictory and some nonsense, with guessing on the date of D-Day ranging from May 2 to June 7 and with general prediction that the Allied invasion from the west would be timed with colossal blows in the south and in the east.

Offensive Speeding Up

From this island base itself history's greatest aerial offensive was growing in intensity, and the air commanders were openly and officially referring to it as the "eve of invasion" offensive, but everything possible was being done to keep the enemy guessing as to the exact date.

The report of an air attack on invasion vessels in Western England was sent from Berlin by the correspondent of the Stockholm newspaper Tidningen, who added that great quantities of Allied shipping were massed in Southeast England channel ports.

Today's German communiqué said that "heavy bomber formations attacked ship concentrations and other strategically important targets in the range of the British Southwest coast with telling effect," and this may have been the basis for the Swedish correspondent's report of "invasion vessels" being hit.

Attack British Convoy

The Berlin communiqué also said that Nazi motor torpedo boats attacked a destroyer-escorted British convoy on the English South coast this morning, torpedoing a destroyer and sinking three of the convoyed vessels.

"The latest naval clashes off the Atlantic coast and in the channel," said a German high command spokesman as quoted by the Berlin radio, "and finally the glaringly obvious displacement of the center of gravity of the Anglo-American air raids to the occupied western territories and to the strategic communications centers of Southwest Germany, must of necessity be regarded primarily from the general point of view of the expected onslaught."

Another Nazi commentator, Capt. Ludwig Seretor, added this observation:

Greater Combat Activity

"The striking increase of combat activity in the Mediterranean off Corsica and in the Ligurian sea has been observed. This deserves the closest attention in view of the possibility of new Allied landings, possibly in conjunction with the repeatedly postponed great Western invasion."

Italian Front Quiet

ALLIED HEADQUARTERS IN NAPLES, April 28 (AP)—Sharp patrol clashes were the only noteworthy activity reported at the Italian front today while bad weather again held air operations to a bare minimum.

Holders of 'B' and 'C' Ration Books Eligible To Buy New Tires Monday

WASHINGTON, April 28 (AP)—All motorists with "B" and "C" gasoline ration books will be eligible for new passenger car tires beginning Monday and "A" holders will again be able to obtain ration certificates for used tires.

A substantial increase in allocations of new synthetic tires for civilians makes it possible, Price Administrator Chester Bowles announced today, to extend eligibility to include all motorists using their cars for occupational driving. Previously, only persons in most essential occupations were eligible for new tires, with distribution generally limited to "C" book holders.

All of this is the more remarkable in light of the fact that less than two years, it was questionable as to whether the Y.M.C.A. could continue its work. All of those citizens who contributed so generously in the campaign to rehabilitate the association, can feel today a deep sense of satisfaction that they have had a share in this vital organization which has recognized the challenge and is meeting it.

Today the association is in a stronger financial position than has been the case in many years. We look forward, with anticipation, to the day when the remaining mortgage on the building will be entirely eliminated and when the trained personnel of the association may be increased to extend still further its usefulness to all of us.

They will like to drag France into disaster," he said.

400,000 Barrels Of Gas Every Day

WASHINGTON, April 28 (AP) — Interior Secretary Ickes announced today that United Nations are producing 400,000 barrels of 100octane aviation gasoline a day, enough to send 10,000 planes over Berlin every day.

It was the first official announcement of production. Up to now the armed forces have refused to permit publication of the daily output.

Montgomery Ward

States, but it failed to reach a vote. Then, amid boos and cries of "sit down" he charged that "ridicule and contempt had been heaped upon the company as a result of yesterday's performance when Mr. Avery resisted duly constituted authority and had to be pitched out."

He demanded that Ward sign a new contract with a CIO union.

Not a Contract, Says Avery
"It was not a contract," Avery rejoined. "But Labor Board impertinence."

A. H. E. Wyant, a shareholder, said the initials "F.D.R." meant "First Dictator of the Republic."

The proceedings concluded with a speech by Avery.

"Union membership we fully and wholly accept," he stated. "We have, I suppose, almost a perfect reputation for being anti-labor. How does that come? We are pro-labor and pro-union but we are not closed shop."

"We will guarantee that an employee's advance at Ward's will be as rapid as a member of the union, as if he were not a member of a union. But not the closed shop."

"When the American people awaken to the degree that the administration has coerced great corporations into the acceptance of union conditions that they believe uneconomic and wrong, and awaken to its coercion in dragging employees into unions they do not wish to join, we are going to have a change in our labor relations which will be happier, healthier and more profitable."

In winning re-election Avery compiled 3,786,972 votes compared with votes for others re-chosen directors that ranged from 3,786,101 to 3,786,209.

Long Flights Likely in American Campaign To Recover Philippines

By KIRKE L. SIMPSON

Associated Press War Analyst

Belated Tokyo admission of Allied landings in Dutch New Guinea to seize strategically important air fields found General MacArthur's air heavyweights striking at Sorong on the northwest tip of the big island.

They were better than half way over the remaining gap between Hollandia and Southeastern Mindanao in the Philippines when they blasted Japman airdrome, 670 miles northwest of their indicated Hollandia take-off.

Longer Hops Predicted

That may be the direction of the next allied leap-frog hop up the New Guinea caseway. In reviewing the surprising success of the now completed Hollandia operations that have trapped another 60,000 Japanese troops on New Guinea to their ultimate annihilation. Secretary Stimson noted that longer similar hops were to be expected. Occupation of Berau peninsula, New Guinea, would bring MacArthur's vanguard within less than 600 miles of Mindanao and less than 500 miles from the eastern portion of Celebes island flanking the strait of Makassar. Sorong lies on the West-

Present War Is Battle of Ideas, Rabbi Asserts

Dr. George Lieberman Speaks at Meeting in B'er Chayim Temple

Machavelli's "The Prince" was the "blueprint of the present conflagration, for it presents a marching list for power and gave rise to the Nazi Empire," Dr. George Lieberman, Rabbi of Eoff street temple, Wheeling, W. Va., asserted in addressing the meeting held Thursday evening in the vestry room of B'er Chayim temple, under the auspices of the B'er Chayim Temple Sisterhood and Western Maryland Lodge, 1507, B'nai Brith.

"The present war is not only a battle of weapons of war, but a battle of ideas," Rabbi Lieberman pointed out in discussing his topic "Builders of Democratic Thought." He built his lecture around five contemporary thinkers, whom he termed, builders of architectural structure of democratic thought.

Discussing Thomas Mann, a Christian refugee from Nazi Germany, Dr. Lieberman termed him a spiritual father against Nazism; a literary phenomenon with an inexhaustible imagination, and the intellectual propagandist for democracy.

Walter Lippman, the speaker termed, a journalist who writes like a scholar and a scholar who writes like a journalist. A columnist who writes sanely about a world gone insane, and although disillusioned after the last war, feels that the integrity and honesty of the common man will win.

Another "builder of thought" chosen by the speaker, is Dorothy Thompson, whom he considers an intellectual dynamo, who has her own "brain trust" in a university of exiles in New York.

The writings of the Russian Max Lerner have a magnetic quality, Dr. Lieberman said, and quoted from his "It Is Later than You Think," to show the need for toughmindedness in democracy.

The speaker quoted from various books of Robert Sherwood to show his change from an extreme pacifist to using his country into war.

Mrs. Julius Schindler, of the program committee, introduced the Rabbi who addressed a group of approximately 100 guests. Preceding the lecture Dr. Lieberman was entertained at dinner at the All Ghan Shrine Country Club by the Program committee of the Sisterhood and B'nai Brith. Spring flowers centered the table and covers were laid for sixteen guests.

Secretary of

(Continued from Page 1)

suffered a first light heart attack in New York on Sunday and a second severe one at his home Tuesday after a recurrence of the one he had believed to be indigestion.

The final attack came early today, though friends and relatives first hoped he would pull through the navy announced about that he had taken a turn for the worse. He was the first cabinet member to die since Claude A.

Swanson's demise while secretary of the navy in July 1939.

To the navy Knox left a heritage of physical and moral courage and a philosophy of vigorous action which had caused him to take an active role in the three big wars of his lifetime and helped him to prominence in newspaper publishing, which was his business, and politics, which he loved.

Former "Rough Rider"

He was one of the "rough riders" of the Spanish-American war. He entered the last war as a private and came out a major of artillery, later advancing to the rank of colonel in the reserves. He entered the

newspaper business as a crusading reporter in Grand Rapids, Mich., and ended as a crusading publisher of the Chicago Daily News.

His political career had its formal beginning when he became Republican state chairman of Michigan. Then in 1912 he followed Theodore Roosevelt, his old leader of Rough Rider days and his lifelong hero, in the "Bull Moose" bolt from the Republican party.

With that breach closed Knox became prominent in party councils and a decade ago during the first term of President Roosevelt, he was being talked of as a presidential possibility himself. In 1936 Alf Lan-

don of Kansas got the bid and Knox was chosen his running mate as vice-presidential nominee.

Called by Roosevelt

Knox and Mr. Roosevelt disagreed on many domestic issues but on the necessity for a strong America and on the inevitability of war and the deadly dangers of Fascism they were in harmony. When France fell in 1940 the president called on Knox to serve as his navy secretary.

It was regarded as possible in Washington political circles tonight

that the president might seek another Republican leader to fill the navy position. There was no confirmation of this, however, and no clue as to whom the chief executive might have in mind.

For the time being Forrestal will continue as acting secretary. As undersecretary he had worked closely with Knox in the conduct of the navy's wartime affairs.

Knox, who was sworn in on July 11, 1940, was possibly the cabinet's most traveled member. His constant desire, he explained, was to

see the navy's ships and shore stations and especially to let the men in distant outposts know by his presence that they were not forgotten.

A year ago he was at Espiritu Santo, a South Pacific fleet base when the Japanese bombed that island, and also was at Guadalcanal during a bombing attack. His last formal message to the fleet probably summed up his philosophy for fighting men, of whom he always counted himself one. Written on the occasion of Navy day, last October, it declared:

"Seek out the enemy—and destroy him! Today, tomorrow and tomorrow we must attack."

The urge to action always governed his own impulses. When the Japanese bombed Pearl Harbor, it was a terrible personal defeat for Knox because for weeks he had been preaching that the war was at hand and he had been assuring the country that the navy was ready. His reaction was to order a plane, pack his bags and fly to Pearl Harbor on Dec. 8, 1941, to see what happened.

Although he was often restrained for reasons of military security from telling all the facts about a serious setback for the navy, his effort always was to let the country know at least that it was serious. Possibly his greatest differences of opinion with the uniformed high command arose over questions of giving out news. On naval operations he generally kept his own counsel, trying never to interfere with the plans of the men trained to do the job.

HAVE YOU noticed how some days seem just to be extra busy... crammed with things to do? Yet, busy as you may be, you can't afford to neglect family health, especially now when there are fewer civilian doctors and medical facilities. A simple yet important health-protective measure is the use of Clorox in routine cleaning. Cultivate the healthful habit of Clorox cleaning... the type of cleanliness recommended by health authorities.

WHY TAKE CHANCES!

"When it's CLOROX-CLEAN it's hygienically clean!"

In the Kitchen make sure sanitation is not slighted, even on those extra busy days, for infection dangers can spread rapidly. High standards of sanitation are easily attained with Clorox. It disinfects, deodorizes, also removes stains from dishes, china, glass, tile, enamel, linoleum, wood surfaces; and it destroys mold... reducing risk of food spoilage.

In the Bathroom, too, protective cleaning measures are important as an added health safeguard. For in the bathroom germs may be easily transmitted and as a result, it can be the most dangerous of all home "danger zones"... unless made sanitary. Make hygienic cleanliness the rule by using Clorox in routine cleaning of washbasins, bathtubs and toilets.

Clorox is ultra-refined, free from caustic, an exclusive, patented quality feature. It has the same full strength, some high quality standards, today as always. Simply follow directions on the label which also lists many important personal uses. Always ask for Clorox by name.

Selective Issues Stage Recovery In Quiet Session of Stock Market

By BERNARD S. O'HARA
NEW YORK, April 28 (AP)—Selective recoveries, for the third successive session, dominated today's stock market.

Specialties exhibited quiet strength from the start, with liquors in front, and closing gains of fractions to a point or so were well distributed. Leaders generally, however, seldom got out of a fractional rut and small declines were plentiful.

The Associated Press 60-stock average was up 1 1/2 points at 51 1/2 and, with Wednesday and Thursday's comeback had made up all of the 5 loss suffered today. Transfers totaled 561,330 shares compared with 520,080 yesterday.

In front were Schenley, Distillers Corp., American Bosch, Houston Oil, General Motors, Chrysler, Santa Fe, Chesapeake & Ohio, Bethlehem (whose initial quarterly report was considered encouraging), Goodyear, Woolworth, Oliver farm, International Harvester, du Pont, Union Carbide and Standard Oil (N.J.).

Laggards included American Telephone, N. Y., Central, U. S. Steel, Sears Roebuck, Douglas Aircraft, American Sugar, Eastman Kodak and corn products. The last-named had to contend with suspension of the largest of the concern's plants due to shortage of corn.

Improved in the curb were Brown-Forman distillers, Humble oil, Cities Service, Electric Bond & Share and Carrier Corp. Turnover

here was 151,085 versus 118,065 the day before.

Radcliffe Opposes Triple Penalty Under Price Control

WASHINGTON, April 28. (AP) — Senator Radcliffe (D-Md.) submitted to the Senate banking committee a proposal to abolish the mandatory triple damage penalty provision of the Price Control act and give the courts authority to fix penalties for price law infractions. Radcliffe offered the proposal informally at an executive session of the committee attended by OPA Administrator Chester Bowles, but it was not immediately put to a committee ballot.

"It is wrong to apply the same penalty to the most flagrant violators of price ceilings, and to those who perhaps violated the act unintentionally, in a minor way," Radcliffe told reporters. "The courts should be given some discretion in the matter."

A member of the Banking committee, Radcliffe said that he hoped to get an agreement whereby the committee itself would sponsor such an amendment.

Bay Ferry Boat Offered for Sale

BALTIMORE, April 28. (AP) — A 60-year old bay ferry boat, the Gov. Albert C. Ritchie, was offered for sale today by the state of Maryland.

The State Roads commission decided to sell the vessel rather than make needed repairs. William A. Codd, commission auditor, said.

The old ferry first was used on the Chesapeake in 1926, traveling between Claiborne and Annapolis. In recent years, the Ritchie has been used chiefly as a relief ferry on the Sandy Point-Matapeake route.

If the weight or container size of the item is not listed, the point value of the item is found by multiplying the number of pounds of the item by the POINT VALUE per pound. Fractions of a pound should be figured in quarter pounds. Fractions of a quarter pound should be figured in eighths of a pound. An item weighing 4 pounds 8 ounces is considered weighing 4 pounds 12 ounces for the purpose of getting the POINT VALUE. If after calculation, the POINT VALUE of the item contains a fraction of a point, the fraction is dropped if less than 1/4 and raised if 1/4 or more.													
Items not listed or described on this chart shall be sold without ration points. Also, some of the items falling within the listings on this chart are specifically exempted in Appendix A and Revised Ration Order 13.													

Love Finds Way For Blind Vet And His Bride

LONDON, April 28. (AP)—A blinded American hero of the North African campaign and his bride, a British Red Cross nurse, are flying to America to make a fresh start in life after the army cut through red tape and pre-invasion restrictions to speed them on their journey.

Pvt. Otto Huttenen, 39, of Warren, Ohio, and his 35-year-old wife, the former Ruth Curtis, (CQ) met in January, 1943, when he was brought to St. Dunstan's hospital, renowned for its work in rehabilitating the blinded.

The soldier, discouraged over loss of his sight in an anti-personnel mine explosion, was a problem to the hospital. He pushed his food away and declined to eat.

Then the nurse appeared on the scene, and as Pte. Huttenen put it, "we've been having tea together ever since."

That was fourteen months ago. They were married last March 16—but they ran into trouble when Huttenen planned to take his bride to America. It seemed extremely difficult to arrange for transportation

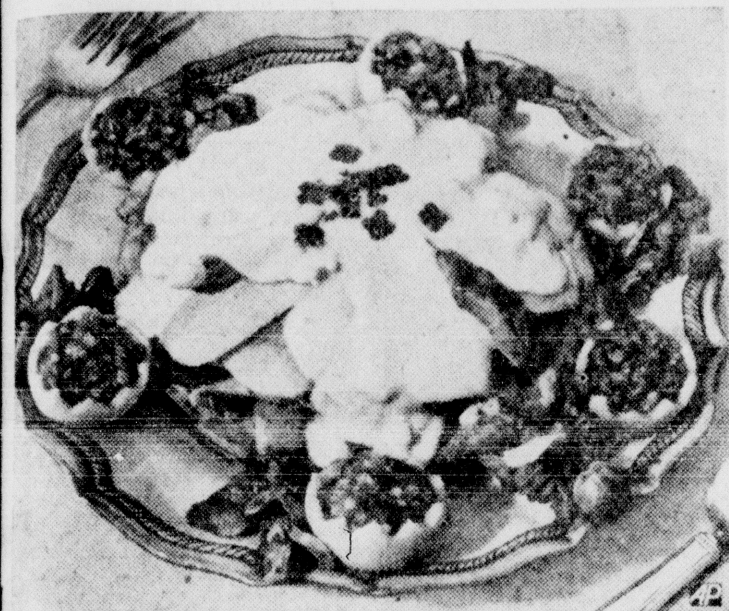

of the civilian wife. And when the British government announced its pre-invasion ban on travel from this country, it looked well nigh impossible.

Lt. Edward Gilgan of Brooklyn, N. Y., hit upon the solution. Yesterday he had Huttenen placed aboard an army transport plane with an "official attendant." The official attendant was Mrs. Huttenen.

Sauce for the Gander

CHICKEN SHORTCAKE: The sauce makes the difference.

By CHARLOTTE ADAMS
AP Food Editor

Most American housewives know how to make cream sauce, and perhaps tomato sauce. That's about the extent of our adventurousness in this direction. The meats and fish, poultry and vegetables available to us have always been of such high quality and in such great variety that it wasn't necessary for us to disguise them any way. When we wanted to add sauces just for interest in the good old days, we found excellent ones in tin or glass and saved a lot of work. We also missed a lot of fun. Now the lack brought on by rationing and shortages make the variety of food at our disposal much less. We can, however, keep our meals fun to eat if we pep them up with good sauces.

The addition of mayonnaise to common or garden cream sauce makes an enormous difference in its appeal. In fact, I recommend your trying mayonnaise in many of our hot sauces. Illustrated here is chicken short-cake which has far more character than the old familiar creamed chicken. Try it and see.

Spicy Chicken Shortcake

1—Crust
2 cups self-rising cake flour
4 tablespoons margarine
1 tablespoon minced onion
Sift and measure flour. Stir in poultry seasoning and onion. Cut in margarine until coarse crumbs are formed. Combine egg and water and mix lightly with a fork. Blend, and add to dry ingredients. Turn in a little more than half the dough into a lightly greased pie

pan. With floured fingers pat out to the edge of the plate. Brush with melted margarine. Pat rest of dough into a circle a little smaller than the pie pan. Put on top of other dough in plate. Brush with melted margarine. Bake at 450 degrees twenty to twenty-five minutes.

2—Filling
1/2 pound sliced, cooked chicken
2 tablespoons vitaminized margarine
3 tablespoons diced parsley
1 cup hot milk
1 cup hot chicken stock
1 teaspoon salt
2 tablespoons diced pimiento
2 tablespoons margarine
2 tablespoons flour
1 cup real mayonnaise
Blend margarine, flour and salt. Add hot liquids slowly. Stir constantly and cook until thick and smooth. Add pimiento and parsley. Separate layers of hot shortcake with forks. Cover each layer with good sized pieces of chicken. Add mayonnaise to sauce just before serving. Spoon half over lower layer. Arrange other layer on top. Pour more sauce over the chicken on this layer. Serve remaining sauce in a bowl.

In our illustration, the little

flowers on top of the shortcake are cut from pimiento. The lemon cups may be filled with any kind of sweet relish.

Here's another mayonnaise sauce which is simple to make and uses up that precious vegetable liquid we should all save from the pot or the can.

Mayonnaise-Vegetable Sauce

1/2 cup real mayonnaise
2 tablespoons flour
1 cup vegetable liquid
1/4 teaspoon pepper
Mix mayonnaise and flour. Add vegetable liquid gradually. Cook, stirring constantly, until thickened. Add pepper and mix well. Serve over vegetables.

There are ways other than adding mayonnaise to dress up what would otherwise be just a cream sauce. Here's a particularly good one to serve over vegetables, rice or meat.

Mustard-Curry Sauce

2 tablespoons vitaminized margarine
2 tablespoons flour
1/4 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon curry powder
1 cup milk
1/2 sliced onion
2 tablespoons chopped green pepper
2 tablespoons prepared mustard with horseradish
Melt margarine over low heat. Add flour and seasonings and stir until smooth. Add milk, onion and green pepper and cook until smooth and thickened, stirring constantly. Add mustard with horseradish and mix well.

There's another kind of sauce every good cook should know how to make. That's a sauce with an egg yolk base, to which are added butter or margarine and some acid. The very simplest of these is Hollandaise. It is not hard to make, requiring only your constant attention while you're at it—a matter of perhaps ten minutes in all.

Seek To Prohibit Price Ceilings On Strawberries

WASHINGTON, April 28 (AP)—A petition for a restraining order to prohibit the Office of Price Administration from enforcing price ceilings on strawberries was filed in supreme court today on behalf of Gov. Sam Jones and Louisiana berry growers.

Rep. Morrison (D-La.), who filed the petition, said it was the first time the supreme court had been asked to take original jurisdiction under the Price Control act and the first appeal to the court for original jurisdiction on behalf of farmers.

"We had to take it to the supreme

court," Morrison told a reporter, "because, under OPA regulations, there's no other court of appeal except one of OPA's own emergency courts of appeals."

The strawberry ceiling prices, announced April 24 to become effective yesterday, vary from region to region but OPA said they would approximately maintain the 1943 national average farm price of \$6.51 for a twenty-four-quart crate.

Hoover and Rep Luce To Address Chicago G.O.P. Convention

WASHINGTON, April 28 (AP)—Former President Herbert Hoover and Rep. Clare Boothe Luce (R-

Conn.) have been invited to address the Republican national convention starting June 26 in Chicago and have accepted, the GOP National committee announced today.

The invitations were extended by Chairman Harrison E. Spangler of the National committee. The convention arrangements committee which met recently in Chicago authorized him to arrange special speeches other than those to be delivered by Gov. Earl Warren of California as keynoter and Rep. Joseph W. Martin of Massachusetts, House minority leader, as permanent chairman.

Hoover addressed the 1936 and

1940 conventions in Cleveland and Philadelphia. His Cleveland speech received a great ovation and led to a "we want Hoover" demonstration.

Mrs. Luce, author, playwright, legislator, was among those considered to keynote the coming convention. She will be a delegate from her home state.

"Cover Girl" Features Kern, Gershwin Songs

Over 320 songs were submitted to and turned down by Producer Arthur Schwartz when he went into production on Columbia's technicolor "Cover Girl," which is now co-starring Rita Hayworth and Gene Kelly at the Maryland theater.

Song writers, professional and amateur, sent in manuscripts to Schwartz hoping to hit at least one of the musical spots in the picture. The only one who didn't make a musical bid was Arthur Schwartz himself.

Before he became a producer, Schwartz was a very successful Broadway song writer, and nothing would have pleased him more than to get one of his songs in his own picture.

But he knew a good thing when he had it. With Jerome Kern and Ira Gershwin teaming together for the first time, Schwartz utilized their unique talents for all of the songs in the picture.

famous Inner Sanctum stories, the master character creator enacts a highly successful neurologist, whose study and practice of psychology, through the medium of hypnosis, helps to alleviate the quirks and mental ills of his fellow man.

Film Luxury Startles Helen Broderick

Helen Broderick gasped when she first saw the set which was supposed to be her living room in Universal's "Chip Off the Old Block," starring Donald O'Connor, Peggy Ryan and Ann Blyth, now at the Liberty theater.

It was a magnificent affair, with luxurious rugs, statuary, paintings, priceless objets d'art.

"In this picture," she told Associate Producer Bernard Burton, "I'm supposed to be the head of a theatrical family, and no theatrical family could afford a living room like this unless they sold dope on the side."

"Submarine Base" Now Showing at Garden

Currently showing at the Garden is "Submarine Base," an action picture starring Alan Baxter, John Littel, Iris Adrian and Fifi D'Orsay. The co-feature is "Silver City" Raiders," a fast-moving western starring Russell Hayden, Dub Taylor and Alma Carroll.

The University of Cracow in Poland is the second oldest in central-eastern Europe.

Sophie Tucker Is To Be on Radio Sunday at 6 P. M.

Admiral Ernest J. King Will Speak Briefly on Symphony Program

By JEAN MEEGAN

NEW YORK, April 28 (AP)—In its fifth week and still thrashing around for a system and a sponsor, "Listen the Women," Blue's Sunday night female quiz, departs from the original plan of having just experts on the four woman jury panel and opens its ranks this evening to Mrs. Paul Clifford, club woman from Montclair, N. J.

Lynn Root, playwright; Margaret Bourke-White, photographer; and Elinor Danton, woman's editor of the New York Times, are making second appearances on tonight's show. Janet Plummer, magazine writer, always runs the whole works.

King Will Speak

Sophie Tucker arrives at the Hall of Fame on the Blue at 6 this evening in the company of actor Paul Muni; comico, Tom Howard and George Shelton; mimic, Richard Haydn; and Robert Crum, a pianist who does boogie wogie with the classics.

Miss Tucker, of the unobtrusive singing style, will be in the throes of celebrating her birthday during this performance. Nobody seems to know precisely which one it is.

A dramatic case history of our big flying fortresses has been prepared by Eddie Dowling for Mutual's Wide Horizon show at 4 today.

Admiral Ernest J. King, commander-in-chief, United States fleet, and chief of naval operations, will speak briefly from Washington, D. C., during the intermission of the New York Philharmonic Symphony program between 3 and 4:30 Sunday afternoon over CBS.

Leo H. McCormick Reclassified 1-A

BALTIMORE, April 28 (AP)—Leo H. McCormick's local draft board No. 18 has reclassified him 1-A again but federal authorities have announced they would seek further selective service deferment for the state Office of Price Administration director.

The OPA official first was placed in 1-A last December but was granted a 60-day occupational deferment, which expired Monday night. The Purveyor committee, inter-agency draft deferment committee for federal employees, has said it would ask local board 18 to extend McCormick's deferment for another sixty days.

Farm Mortgages Drop \$9,000,000

COLLEGE PARK, Md., April 28 (AP)—The mortgage indebtedness of Maryland farmers dropped almost \$9,000,000 from 1930 to 1942, inclusive, the Farm Credit administration said, today, predicting the incomplete 1943 survey would show an even more rapid rate of decline since 1942.

Maryland agriculturists owed

mortgages totaling \$50,377,000 in 1930, compared with \$41,000,000 a year ago.

"While the 1943 survey is not complete it will show an even more rapid decline since 1942," the FCA continued.

"The present trend of farm debt liquidation is \$4.75 repaid this year on pre-war loans for each \$1 now being borrowed for war food production expansion."

The national farm debt is \$6,000,000,000, the lowest since 1917. In 1924 it totaled \$10,655,000,000.

Gov. Dewey's Speech Published in London

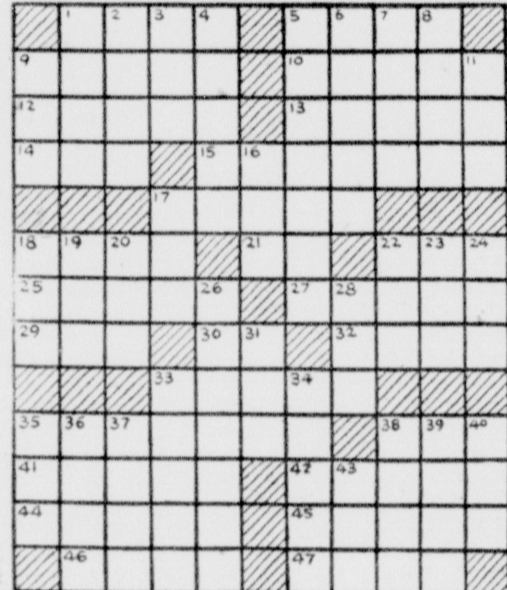

LONDON, Friday, April 28 (AP)—The foreign policy speech of Governor Thomas E. Dewey of New York got front-page play in London morning papers today.

There was insufficient time for regular editorial comment, but the Daily Express, under a headline "Dewey Condemns Isolation," said he "made it plain the Republican party under his leadership will do the utmost to remove from its campaign banner the stigma of isolationism."

The Express said, "particularly interesting was Mr. Dewey's approach to Russia. It is among die-hard Republicans that American antagonism to Russia is strongest."

Rotruck Admits Auto He Drove Hit Harry Sites

County Youth Dies of Injuries; Driver Accused of Manslaughter

Quinton Harold Rotruck, 24, Keyser, W. Va., has admitted he was the driver of the car that struck and fatally injured Harry Edward "Jerry" Sites, 26, Eckhart Mines, last Saturday night at Cresaptown, State's Attorney Morgan C. Harris disclosed last night.

Sites, who had been in a critical condition in Memorial hospital ever since the accident, died there at 5:44 a. m. yesterday without regaining consciousness. He suffered fractures of both legs and a crushed body.

Yesterday morning, Rotruck was arraigned before Magistrate Oliver H. Bruce, Jr., in trial magistrate's court, and was ordered held under bond of \$2,000 for action of the October grand jury on a charge of manslaughter. A woman, Doris Bayse, also of Keyser, who was riding with Rotruck, was ordered held under \$500 bond as a material witness in the case. They are held in the county jail until they arrange to post bond.

Arrested at Intersection

Rotruck was arrested at the intersection of the McCoolle-Westernport highways about twenty-five minutes after Sites and his companion, Wayne Hoffman, 18, of 419 North Mechanic street, were struck in front of the Silver Lanes bowling alleys in Cresaptown.

Sites was pinioned between a parked automobile and the hit-run car; Hoffman suffered a broken wrist.

Following his arrest at 9 p. m. Saturday, Rotruck denied to officers that he was the driver of the hit-run machine, but upon questioning last Sunday afternoon in the office of the state's attorney, he admitted he was operating the car that struck the men, Harris said last night.

According to a statement Harris said Rotruck signed, the latter indicated he thought he had struck an automobile and not an individual and did not stop.

Drank Bottle of Beer

Harris asserted Rotruck told him he had one bottle of beer to drink in Cumberland preceding the accident and that he drank one or two bottles in Keyser Saturday morning. The Bayse woman, Harris said, stated she had three bottles of beer to drink in McCoolle Saturday evening and thought that Rotruck had a like amount.

Prior to the accident last Saturday night, police reported, the car driven by Rotruck failed to stop for a white traffic light on Baltimore street here, and Officer Thomas See reported the West Virginia license number to police headquarters. State police were notified in turn and as consequence were on the lookout for the machine.

Rotruck apparently left the city on the McCoolle highway, swerved from the road at Cresaptown to strike Sites and Hoffman and narrowly miss their companion, Daniel T. White, 26 Orchard street, Cumberland, police said.

The car continued on toward Keyser until Rotruck's arrest at the highway intersection by Sgt. Harold C. Carl and Trooper First Class A. M. Spioch less than twenty-five minutes later.

Funeral Sunday

Sites's body is at the home of his parents, Mr. and Mrs. Harry Sites, Sr., Eckhart Mines. Besides them he is survived by one sister, Mrs. George Hawkins, Eckhart.

Funeral services will be held at the home at 2 p. m. Sunday with the Rev. John Wilson, pastor of Eckhart Methodist church, officiating. Interment will be in Eckhart cemetery.

Hoffman, who recently passed his navy physical examination, will have to await healing of his wrist before reporting for training.

FLIERS EARN DFC—Tech. Sgt. Maurice M. Crow, 24, Arlington, Va., (left), and Staff Sgt. Alexander Nicol, 36, National, Md., (right), congratulate each other upon their return to an Eighth AAF bomber station in England from their most recent mission when they learn that both have been awarded the Distinguished Flying Cross for "extraordinary achievement." Crow is the engineer and top turret gunner on the B-17 Flying Fortress "Stud Duck" and Nicol, father of five children, is the tail gunner on the same ship.

Alexander Nicol Receives DFC In England

Father of Five Children Wins Honor for Raids over Germany

An Eighth AAF Bomber Station, England, April 28—Staff Sergeant Alexander "Pop" Nicol, 36-year-old tail gunner on the Eighth air force B-17 Flying Fortress "Stud Duck," and father of five children, has been awarded the Distinguished Flying Cross for "extraordinary achievement."

The son of Mr. George Nicol of Lonaconing, Md., the flyer also holds the Air Medal with three Oak Leaf Clusters. His wife, Mrs. Thelma Nicol, and five children, Thelma, age 12, Robert, age 10, Dorothy, age 8, Frank, age 5, and George, age 3 live at National, near Frostburg, Md.

A graduate of Central high school in Lonaconing and former coal miner, Nicol enlisted in the AAF on October 6, 1942. He received his gunner's training at Las Vegas, Nevada, and was awarded his wings May 8, 1943.

According to Nicol his toughest combat experience to date occurred during the great air battle over Brunswick, Germany, an engagement for which this group was subsequently given a Unit Citation.

"It was the worst I've ever seen for really getting the hell kicked out of us," Nicol said. "We had to make two runs on the target that day because visibility closed in and prevented the bombardier from getting a closer view on the first run. It was after we had completed the second run that the Germans hit us."

"JU 88's, ME 110's and 210's came up and lined up abreast out of range of our 50 calibers. They fired a broadside of rockets at us just like a fleet action at sea. Immediately after our second bomb run I saw three Forts go down, one right after the other. We were next in line too and just about that time our guns ran out of ammunition. We had some extra ammunition boxes aboard so the pilot pulled up to the high squadron for protection for a little while and we re-loaded the guns and then went back into position. Just then a rocket burst so close to us that it split the armor plate in the waist of the ship. It also put about a dozen holes in our flaps and blew two engines completely off one of our wing men's ship. We went down immediately."

"Fighter escort picked us up just inside the Zeider Zee on the way home. If it hadn't been for them we never would have made it."

Convicted in circuit court Tuesday on a charge of forgery after his handwriting had been identified by Arthur Myers, handwriting expert of Baltimore and York, Pa., Floyd Johnson yesterday was sentenced to one year in the Maryland House of Correction by Chief Judge Walter C. Capper.

Johnson had entered a plea of not guilty to a charge of forging an Allegheny County Welfare Board check made payable to Miss Mary Leasure, of Greene street, but Myers, who gained national publicity in the Lindbergh kidnapping case positively identified his handwriting as the same as that endorsing Miss Leasure's check.

Also sentenced to one year in the house of correction was Roy Edward Pelker who entered a plea of guilty to a charge of burglarizing the Michael Berkowitz Company plant at Frostburg and taking money, war stamps and spark plugs.

Harold Evan Knepp, charged with burglary in the same case and also convicted of burglarizing the home of Carter Shryock, received a suspended sentence on condition he join the armed forces. If he is rejected he is to report to the court for sentence.

Roy J. Ramhoff, charged with Knepp in the Shryock case, received a similar sentence. Both pleaded guilty.

Flames Destroy Dozens of Eggs In Garage Fire

Boy Is Seen Leaving Building Shortly Before Blaze Breaks Out

Between 400 and 500 dozen eggs were lost last night when fire destroyed the contents and interior of the garage and warehouse of Allen J. Bender, poultry and egg distributor, in the rear of 443 North Centre street.

Origin of the fire has not been determined, members of Central fire station said, but they added that a small boy was seen leaving the concrete block building about five minutes before the fire broke out.

Bender said last night he returned home after making deliveries about 6:30 p. m. and went to his home in front of the garage to eat, intending to return then to prepare cases for collection of eggs in the county today.

He had just finished eating and started to read the evening paper, he said, when Mrs. Bender discovered the fire and called to him. Neighbors, in the meantime, also had seen smoke pouring from the garage and called Central fire station at 7:23 p. m.

By the time Bender reached the building, flames were issuing from it in waves, firemen said, but he ducked beneath them and drove his truck from the structure. Firemen added that his face was scorched by the intense heat.

Before the flames could be extinguished slightly more than an hour later, the entire contents of the building were destroyed, including the eggs about twenty-five cases and some furniture that was stored there.

Flames from the building leaped across a fifteen-foot alley in the rear, firemen reported, and ignited a board fence and a power pole.

The loss was partly covered by insurance, Bender said.

Wastepaper Drive Will Be Conducted Here Tomorrow

At Least 300 Volunteer Workers Will Be Needed, Bramble Says

Seven railroad cars have been ordered to be placed on the siding of the old rolling mill yard Sunday in anticipation of a record wastepaper drive which will be conducted in Cumberland, LaVale, Cresaptown and Bowling Green, beginning at 9 o'clock tomorrow morning, Kenneth E. Jackson, acting chairman of the Allegheny County Salvage Committee, announced last evening.

At least 300 volunteers, in working clothes, will be needed to insure the success of the drive, so that the wastepaper can be loaded efficiently.

At least thirty-two trucks will be on hand for tomorrow's drive and it is desirable to have four men to work on each truck. Charles E. Bramble, transportation chairman, announced.

Boy scouts of fifteen troops in the district will complete the distribution of 190,000 feet of six miles of twine today, Jackson said.

Should Exceed Last Drive

Since there has been no collection since January 30, salvage officials expect tomorrow's drive to exceed the last collection when 118 truckloads of wastepaper were loaded into six railroad cars within a two-hour period.

Martin M. Corrigan is in charge of plans for collections on the East Side and North End. Charles P. Heller for the West Side and C. Eugene Howell for South End. Bramble said. W. S. Tower will be in charge of collections in LaVale, and Herbert C. Heinemann, Cresaptown and Bowling Green.

Persons are urged to tie bundles securely and place the bundles on the curb before 9 o'clock. Much of the difficulty experienced in loading paper in past drives has been caused by insecure bundling.

"Youth for Christ" Rally Will Be Held In Cresaptown

The "Christ Ambassadors" of the Assemblies of God will hold a "Youth for Christ" rally at the Full Gospel church, Cresaptown, Monday night at 7:30 o'clock, the pastor, the Rev. Edwin S. Stevenson, announced yesterday.

The Rev. LeRoy K. Dodge, Washington, D. C., will deliver the principal message. There will be a song service, and vocal and instrumental music by groups from nearby churches.

Miss Margie Stine, Cumberland, sectional vice president of the "Christ Ambassadors" of the Potomac district will preside.

Salvation Army Opposes Alcoholic Beverage Licenses

Advisory Board Files Protest against Orbello and Joseph Simms

Remonstrances against the issuance of alcoholic beverage licenses to Joseph Earl Simms, negro, licensee of the Silver Grill, 106 North Mechanic street, and Frank Orbello, licensee of a beer parlor at 113 North Mechanic street, have been filed in circuit court by the local advisory board of the Salvation Army.

Hearings on the remonstrances will be held this morning. Yesterday's hearings on applications of practically all alcoholic beverage dealers in the county were held in the circuit court room, and a remonstrance was filed in but one instance other than those against Simms and Orbello. That one was against Harry H. Hoffman, applicant for the Bowman's Addition Volunteer Fire Department, which seeks a beer license for use at its headquarters on Valley road.

As the hearings on application got underway yesterday, Chief Judge Walter C. Capper complimented the dealers for the general good conduct of their business establishments in the past year.

Warnings Issued

Two warnings were issued, however, one to Harry L. Bell, Lonaconing, who was cautioned by the court to keep proper hours after complaint had been made by a person residing nearby. The other warning was to Carl A. Tribuit, who operates an establishment west of Flintstone on Route 40. The court told him that complaints had been received on the conduct of patrons and he was cautioned that his business place must be run in an orderly manner.

The remonstrance filed against Orbello, who Thursday with his brother, Larry Orbello, was fined \$250 after pleading guilty to a charge of selling beer to a minor, states that his beer parlor immediately adjoins the Salvation Army Citadel on North Mechanic street, which is a religious edifice, and in which religious services are held regularly, attracting large numbers of children and young people.

It points out further that there are "far too many" liquor establishments in the locality and refers to his indictment by the grand jury on charges of selling beer to a minor.

Plans Addition

Orbello, the remonstrance adds, proposes to add an open air beer garden to his saloon, which may attract large numbers of persons. Such a place, it states, would be noisy and interfere with the peace and quiet of the Salvation Army.

In the remonstrance against Simms, it is stated that the Silver Grill, opposite the Salvation Army Citadel, is patronized by a great number of negroes, and that for a long time the place has been conducted in a disorderly manner.

Large numbers of intoxicated negroes congregate on the pavement and the street outside the place, the remonstrance points out, contributing to the disreputable character of the locality.

The remonstrances against Orbello and Simms are signed by Roy W. Eves, chairman of the advisory board, William M. Somerville, F. H. Ankeney and Lloyd Rawlings, members of the advisory board, and J. F. Zimmerman, 42 Bedford street.

Near Church

Twenty-seven persons signed the remonstrance to issuance of a license to Hoffman, pointing out that the fire department headquarters is within a block of a church and Sunday school, and that neighbors do not desire the "noise and revelry" such as follow the sale of beer.

Two new Class C Club licenses were issued, carrying with them the right to sell hard liquors. One was granted to the Democratic Co-opolitan club on the application of James F. McGuire, and the other was granted to the Lonaconing Red-Devil program sponsored by the United States Children's Bureau.

Captain Jewell, Wounded by Nazi Flak, Loses Leg

Local Airman, in English Hospital, Awaits Transfer to U. S.

Capt. Kenneth G. Jewell, wounded in a bombing raid over Germany March 2, is in a general hospital in England awaiting transfer to the United States following an operation in which it was necessary to amputate a leg below the knee.

Capt. Jewell, son of Mr. and Mrs. William B. Jewell, Bedford road, made a forced landing at Cumberland's new airport on his way overseas and spent the night here with his crew before taking off in the "Bakadori," a Liberator bomber.

Arriving in England, the "Bakadori" was damaged in a bombing raid and Jewell began piloting the "Banshee II." This plane was also put out of action by enemy fire and he was in charge of the "Banshee II" when injured.

The bomber was returning to England when an enemy shell exploded directly beneath the plane. The landing carriage was put out of commission and Capt. Jewell so severely injured when struck in the leg by flak that the co-pilot took over.

The craft made a crash landing in England and Jewell was rushed to a hospital. The local flyer was wounded on his twenty-fourth mission and would have been eligible to retire from combat after he had completed another.

He has been awarded the Distinguished Flying Cross, two Silver Stars, the Purple Heart and the Air Medal with three bronze oak leaf clusters.

Capt. Jewell enlisted in the air forces soon after his graduation from Fort Hill high school in 1941. He is the husband of the former Mary Catherine O'Donnell, Springdale street, who now resides in Baltimore.
